LogistiCare Ranked as One of Atlanta's Fastest- Growing Private Companies by the "Atlanta Business Chronicle"

COLLEGE PARK, GA. -- LogistiCare Solutions, LLC, the nation's largest provider of non-emergency transportation management solutions, was recognized as one of Atlanta's fastest-growing companies by Atlanta Business Chronicle in this year's Pacesetters event. Atlanta's 50 fastest-growing companies were honored at a breakfast at the Renaissance Waverly Hotel in Atlanta on April 5.

LogistiCare was ranked sixth in Atlanta Business Chronicle's Pacesetters list of Atlanta's 50 fastest-growing private companies. LogistiCare's revenue in 2001 climbed 71 percent to \$91 million from \$53 million in 1999, resulting from new business and a high customer-retention rate. The company more than doubled its employee base from 225 to 525 in the two-year period.

LogistiCare expects its growth to continue as state and local policy makers increasingly recognize that outsourcing medical and social service transportation leads to better quality, more cost containment, increased access to services and reduced fraud. With the industry's highest customer satisfaction record, LogistiCare expects to be the provider of choice for those new customers.

"We are honored to be recognized by Atlanta Business Chronicle for our dramatic growth and stellar performance in the non-emergency transportation market," said John Shermeyen, president and CEO of LogistiCare. "Providing quality customer service with our innovative call centers, advanced technology and efficient network providers is the foundation of our business. We are very pleased to receive this recognition, and we're committed to maintaining this momentum in the future."

Each year the Atlanta Business Chronicle recognizes the top 50 fastest-growing private companies in Atlanta using a growth-index formula. Factors in the formula include the percentage change and absolute change in revenue and number of employees from 1999 and 2001. Companies must have revenue between \$1 million and \$300 million and have a two-year growth in sales of more than 50 percent.

About LogistiCare Solutions

LogistiCare Solutions, headquartered in College Park, Ga., is the nation's premier provider of non-emergency transportation management solutions for government agencies, managed care organizations, and other organizations. The company provides transportation for more than 3.2 million people a year through state-of-the-art operations centers in Georgia, Florida, Connecticut, Virginia, Maryland, California, and the District of Columbia and regional networks of more than 350 quality transportation carriers. By outsourcing transportation services to LogistiCare, organizations can lower costs, reduce fraud, and provide better quality and increased access to service for their clients.
