LogistiCare Founder's Cup Winners Honored at Holiday Gala

ATLANTA. This year's Founder's Cup Awards, recognizing the efforts of LogistiCare employees who volunteer in their local communities, were announced at the company's Holiday Gala held at the Georgia International Conference Center. General Managers from each of the recognized local LogistiCare offices accepted their awards on behalf of their employees in a presentation made by LogistiCare President and Chief Executive Officer, John L. Shermyen.

"The Founder's Cup recognizes the efforts of our employees who contribute their time and dedication in the communities in which we serve. It is about being part of the volunteer community as well as the business community," Shermyen said. "All of our volunteers make a positive difference in someone's life beyond the vital services we provide. And that's important."

The various categories of the LogistiCare Founder's Cup Awards recognize different aspects of volunteerism and community involvement. This year's winners were:

Founder's Cup – Co-winners **Florida** and **Virginia** were recognized for the overall highest achievement of volunteerism and community participation. This is the second year in a row that the Florida operation has taken the top honor.

Impact Award – **Kentucky** was recognized for its significant efforts to work with a community partner.

Most Valuable Team (MVT) – The **Nevada** operation was recognized for its consistent efforts to be of service to the local community and to other LogistiCare offices.

Vision Award – **Missouri** was recognized for its creative community outreach efforts.

Building Block Award – **Colorado** was recognized for a significant increase in presence in the community with key organizations.

“Every employee who contributes time and effort should be recognized, and this year we have once again increased participation from all parts of the company. I congratulate this year’s winners as they continue to foster the spirit of community involvement and help to others,” Shermeyen explained.

About LogistiCare

LogistiCare is the nation's leading Medicaid transportation management solution. Proprietary software, innovative management strategies, and a proven record of creating budget stability and quality improvements for our clients distinguish LogistiCare as the leader in its field.

From its corporate office in Atlanta and its numerous state-based operations nationwide, LogistiCare manages a national network of more than 1,100 transportation companies that provide more than 17 million trips to customers annually. LogistiCare’s clients have included state Medicaid agencies, school boards, transit authorities, hospital systems and many of the nation's largest managed care organizations.
