Russ Allen Joins LogistiCare as Director of Planning and Analysis

ATLANTA – LogistiCare announced today that R. Russell (“Russ”) Allen has joined the company as director of planning and analysis. He reports to Kelly Vining, corporate controller.

Mr. Allen comes to LogistiCare with significant planning and corporate development experience across several industries. He will be responsible for managing financial planning and analysis processes to ensure that company financial goals are met. In addition, he will also be involved in developing new strategic growth opportunities for Logisticare through complementary acquisitions and new opportunities in adjacent markets.

Mr. Allen has over 15 years of experience in planning, corporate development, and private equity. Most recently, he served in a corporate development role with ITC/Deltacom Inc., a telecommunications company. He has also served as vice president of corporate development at Global Payments Inc. and senior director of planning and analysis at First Data Corporation. Mr. Allen began his career in corporate finance roles at Salomon Brothers and Price Waterhouse in New York after serving as a helicopter pilot in the U.S. Army.

Mr. Allen is a graduate of the U.S. Military Academy at West Point, N.Y., and has completed masters degrees from Boston University and the Wharton School of the University of Pennsylvania.

About LogistiCare

Headquartered in Atlanta, LogistiCare is the nation's leading provider of specialized transportation network management. The company's government clients include state Medicaid agencies, school boards, transit and paratransit authorities. Health care sector clients include hospital systems and many of the nation's largest managed care organizations.

With its market innovation, proprietary software, and proven record of creating budget stability and program integrity, LogistiCare is well known as the leader in improving non-emergency transportation programs. On an annual basis, the company manages a national network of more than 1,750 transportation companies that deliver more than 13 million trips to customers annually.
